PDFForge Studio - Offline Test Document

This document is rendered 100% offline using PDF.js Web Worker.

Features verified in Step 2:

- HiDPI canvas rendering (crisp on 125%/150%/200% Windows scaling)
- Continuous vertical scroll with subtle shadow and white background
- Zoom from 10% to 800% (Ctrl+wheel, touchpad pinch, buttons)
- Virtual page intersection rendering (smooth with 500+ pages)
- Navigation overlay pill with page jumping and two-page mode
- Persistent last-opened page & zoom per file in %APPDATA%\PDFForge
